AGENDA – XI

13. **Farewell of President by VP (Adm).** To bid farewell to the President EFI, Vice President (Adm) on behalf all members of the EC presented a token of remembrance to the President.

14. **Closing Address by the President.** The President's closing address;
Gentlemen I have been President of this Federation for a little short of two years. I will speak from my heart and I will be candid and blunt. Army is doing a great job and the contribution is enormous and this is possible since the army has got the resources. The Federation is alive due to the contribution of the Army. I see writing on the wall may be in two three five or perhaps 15 years for transition has to take place and may be the sports will be controlled by civilian counterparts. Some people have the concept that if the Federation goes to the civilian counterparts, it will run without any glitches-but they are wrong. Certain quarters are working to bring the Federation down which is not in the interest of the sport. If support and loyalty is not there then the Federation will definitely go into litigations.

Court Cases. During my tenure as President, there have been a large number of court cases which does not speak well of the Federation and member indulging in such unwarranted situations. One should avoid such situations and have faith in the system. There are tremendous amounts of constraints, working against the Federation creating a viciated atmosphere

which is difficult to work in. As members we need to introspect and be more accountable.

Area of Focus. Our area of focus should be limited to Eventing and Show Jumping as evident by the performance at the Asian Games. Individual Dressage is beyond our scope and Olympic dream is too far due to the lack of horse and training facilities.

Officials. We have a limited choice in officials and more officials have to be encouraged to run such a large number of events. Very little accountability persists in officials and if we are not cautious on accountability problems are sure to arise.

Horses. I am convinced that we have good quality horses but without warm bloods, army and the civilian fraternity can not go ahead. The only solution is to import warm bloods and the army has to devise a mean to import good quality warm bloods to stay in the sport. The civilian fraternity has gone a way ahead of the army in terms of horses and training facilities. It is not a divide between the Armed Forces and the civilian counterparts but jointly we have to take the Federation ahead and bring glory to the nation.

I would like to thank each one of you for your support during my presidentship and it was a great learning for me. I leave the Federation as a happy man as during this tenure the Federation has given two Asian Games Silver Medals and a Silver medal for World Cup Tent Pegging. I once again would like to thanks each and every one for their contribution to the sport and the Federation.

JUNIOR NATIONAL EQUESTRIAN CHAMPIONSHIPS AT KOLKATA INDIA 2018

REPORT OF TECHNICAL DELEGATE JNEC

1. The Junior National Equestrian Championships for the year 2018 were held with a resounding success at Kolkata under the aegis of Tollygunge Club Kolkata with assistance from HQ Eastern Command.
2. In spite of vehement opposition from certain quarters with vested interests and various apprehensions in granting the Championships to Kolkata, the show in all disciplines was timed to the second, flawless and culminated without a single objection.
3. The following are the salient points during the conduct and recommendations for future implementation :-

(a) **Jury and Judging** - The jury as asked for by the organisers and detailed by the EFI was of superlative quality with maximum experienced international judges and officials. This made a major impact and impression on the entire conduct of the show. The jury showed their sterling experience, acumen and responsibility in shouldering at times difficult duties and I must put on record that the judging was par excellence, without prejudice, fair and extremely professional. This is the reason that there were no objections. The main jury of Col SS Ahlawat, Col D Bali, Col Rajeev Dahiya supported by Brig GS Puri and Comdt Naresh Tehlan was of exceptional order.

Recommendation: Time has come that we lay and have more faith in our indigenous jury rather than demeaning their integrity by superimposing a foreign jury where it is not mandated by the FEI. For the record all Indian judges during dressage in JNEC were significantly better and more realistically balanced than the foreign jury. In fact, the foreigner has gone back more learned and wiser after judging with our dressage judges namely Col D Bali, Col SS Ahlawat and Comdt Naresh Tehlan. If we use our indigenous jury as these experienced judges then there is no need whatsoever to spend funds on calling foreign jury. Also EFI must not relent to vehement indigenous propaganda, the same voices which go quiet in front of foreigners, which is nothing but just posturing and noise. The best way is to simply ignore them and not allowing them the respect of even acknowledgement.

(b) **Grounds and Arenas** - From the feedback from various quarters including the participants, coaches, horse owners and the foreign jury, all the competition arenas, practice arenas for all events to include jumping, dressage and tentpegging, were absolutely top class second to only the artificial turf standards. The undersigned has officiated at numerous events worldwide and can comfortably place the Tollygunge grounds in top five natural surfaces. For their superlative effort in their relentless pursuit of ground excellence, the team Tollygunge deserves a pat on the back by the Federation. In my 27 years of association with Tollygunge equestrian area, I have never seen the grounds and arenas looking and riding better. Everyday the arenas were tailorlaid depending upon that day's horse traffic, level of event, number of entries etc to fit it to the days requirements. Even the eventing which was carried out mostly on Polo ground the affected parts were adequately sanded, river sand and JCB being suitably provided by Tollygunge Club right till the Race course far away from the Club.

Recommendation : A leaf should be taken from this JNEC and more shows be given to regions and centres with natural arenas. Though the artificial arenas are very welcome and be encouraged to develop but they should not be allowed to hold the Federation at ransom because India is still a developing country and we do not want the elitist tag to our sport and artificial turf being exorbitantly expensive, good natural arenas well inspected and passed beforehand must be widely encouraged. This will ensure widespread of our sport among the masses.

- (c) **STABLING AND PARKING OF HORSE FLOATS**—Excellent stabling facilities for 160 horses were created by Tollygunge Club. This included well ventilated, secured horse stalls with on the site readily availability of hay and green grass. A canteen was also put up for the food for grooms at a very low price and the quality of food was so good that most of the riders and parents/coaches ended up eating there only. The army horses were stabled under the army stables, transport to and fro provided by the Army. The horse floats were provided parking at the Polo ground vicinity.
- (d) **VETERINARY COVER** - Superlative veterinary cover was provided by on site veterinary team of Tollygunge Club and under the aegis of Brig SS Kashyap, Dir RVS HQ East Comd. He and his team ensured each and every horse was inspected thoroughly on arrival, during and after the event, during eventing trot up and the event itself. Every emergency care and facility were made available for the show by him and his team of three vet officers.
- (e) **MEDICAL COVER** - Adequate and timely medical cover in terms of doctors and ambulances was available through out the show.
- (f) **ALLIED FACILITIES** - Facilities in terms of food stalls, tack shops, accomodation, meals and transport of officials were very well taken care of.
- (g) **COOPERATION BETWEEN THE OFFICIALS AND SUPPORT STAFF** - The cooperation provided by the Support staff of Tollygunge Club was immense, precise to the point, timely and unflinching. They generated a tremendous amount of goodwill among the participants, coaches, parents and EFI officials. Among the lot, one name definitely must be mentioned here, that is of Mr Sangeet Bagrodia of Tollygunge Club, who along with his support team spearheaded the entire show from womb to tomb. It's primarily due to his relentless efforts the National show was such great success.

Recommendation : More such, passionate about the sport, institutions and individuals be identified and worked within close collaboration for benefit of our sport.

- (h) **TIMINGS AND SCHEDULES** - It's worth mentioning that each and every event started absolutely on time, without delay or change of schedule. This needed lot of fine tuning and coordination but was gladly provided by the organisers. There was a scheduled officials and organisers conference every single evening at the show office chaired by the undersigned to discuss and review the days proceedings, any anomalies and distribution of next days responsibilities and modality of functioning and the state of desired ground footing. It must go on record that each and every official made it a point to attend it without a single failure and all contributed very actively in making the show flawless. Additional responsibilities taken on by Brig GS Puri, who was there on his leave, Comdt Naresh Tehlan and Lt Col BS Rathore were really commendable. All egos were shed aside with the sole aim of having a successful grand show.
-

- (i) **QUALITY OF COURSES AND EVENTING TRACK** - The quality, measurements, degree of difficulty befitting a National show were of sublime quality and I am very confident and happy in putting in record that Comdt Naresh Tehlan has really matured and come of age wrt laying of courses, arenas, ground footing and eventing track and obstacles. Today India and EFI are enriched in having such a dedicated and passionate tireless man working for the sport which can only be better for our country and riders in future to come. All the courses were up to laid down specifications, suitably challenging but safe, laid out very well in time and best of all admired by all competitors, coaches and judges alike. Truly a tremendous effort.
- (j) **EFFECT OF REL FOOTPRINT ON NATIONAL SPORT** - The efforts put in by the EFI and its Secy Gen in pushing the REL and making it mandatory till junior level has borne fruit and rich dividends. It can be evidently observed in the remarkable upswing in quality of riding and horses. REL have passed the test of time and withstood its relevance and must continue to be encouraged.
- (k) **MISCELLANEOUS RECOMMENDATIONS** - There was a perceptible delay in despatch of army horses for army children as allotted by the QMG's branch. The horses did not reach till one evening before their event and some did not reach at all and some reached lame. This caused considerable consternation among the army parents and participants as they could not give entries in time as they lacked the horse particulars, though the organisers facilitated them by not charging post entry fees and allowing entry right up to one hour before the event but it needed tremendous extra work and last minute fine tuning and could have been avoided.

Ambit of RELs must be expanded to encompass all the disciplines.

TOLLYGUNGE Club and its officials spearheaded by Mr Sangeet Bagrodia and functioning under the direct supervision of its CEO Mr AK Mukerjee, really deserve at least a letter of appreciation and a memento from the President EFI for a job very well done indeed. This organisation is absolutely capable of taking on various international shows on behalf of EFI and must be encouraged to do so. They have the necessary vision, passion, resources and most importantly the will to excel.

4. Overall an excellent show in all its aspects. The initial credo of the event, as spelt out to all in the first briefing "**SAFETY AND HAPPINESS**" was well achieved.

Best wishes for a very happy New Year,

Regards,

(Col PP Singh)

Technical Director JNEC

Chair of FEI Groups Group VIII & IX (with Athletes competing in Eventing at Championship level)

NFs of: South Africa, Zimbabwe, Australia, People Republic of China, Hong Kong, India, Indonesia, Japan, Korea, New Zealand, Thailand, Pakistan and Namibia.

Dear All,

Further to the discussions in your Groups at the FEI General Assembly in Bahrain, we confirm that the FEI Board agreed to allocate the Olympic Group F&G qualifier to an event held in Europe in May or June in Europe to limit the costs for the nations involved. We reconfirm that the decision is to hold this at a CCI3*-L level to qualify nations for 2 places. A minimum of 3 nations will have to participate in this event for it to count as a qualifier.

Once the 2 places have been allocated, each athlete/horse combination will need to obtain the necessary Olympic MER according to the Olympic Regulations/ Qualification procedure in place for Tokyo2020.

In order to follow-up on this decision, can you please confirm to the FEI by 6 December 2018:

1. if you intend to participate in this event
2. Please list in order of preference the event below and we will contact the Organising Committee.

Suggestions:

The Secretary General
Equestrian Federation of India
New Delhi

Dear Sir,

As you are aware qualifications for the 2020 Tokyo Olympics start from 1st January 2019- 31st December 2019.

I, Shruti Vora, would like to participate in the qualifying events for Dressage for the 2020 Olympics Games.

The list of Olympic Ranking Events and MER Events for achieving Olympic ranking points / the minimum eligibility requirements has been published on the FEI website, effective 15 December 2018 (attached). Athletes and Horses must obtain the MER at events which take place from 1 January 2019 until the MER Deadline (1 June 2020) included.

A minimum 66% must be attributed twice to the Athlete/Horse combination by both a 5* star judge and as an average from all judges in the competition, and the score must be achieved in a Grand Prix test at two different CDI3*/CDI4*/CDI5*/CDI-W/CDIO events. The two 5* judges must be of a nationality other than of the Athlete.

As per Paragraph D, Team Qualification, the team quota has already been allocated to Australia of Group G (to which the Indian NF belongs to).

The total of 15 Individual Quotas are open to athletes from all Groups .

Group G has 2 individual quotas.

FEI Olympic Ranking – Dressage (allocation through FEI Olympic Groups)

The two (2)* best ranked Athletes, maximum one (1) per NOC, in the FEI Olympic Ranking – Dressage from each of the seven ~~(7)~~ five (5) below- mentioned groups will qualify one (1) individual quota place each for their NOC:

A - North Western Europe
B - South Western Europe
C - Central & Eastern Europe; Central Asia

~~D - North America~~
~~E - Central and South America~~

F - Africa & Middle East

G - South East Asia, Oceania - INDIA BELONGS TO THIS GROUP

D & E - North America, Central and South America

Individuals are eligible to qualify ONLY through the FEI Ranking.

The FEI Olympic Rankings - Dressage:

The FEI Olympic Ranking - Dressage is limited to the highest four (4) results per Athlete/Horse combination in these events with a maximum of one result per event, within the period from 1 January 2019 to 31 December 2019 included. The point system, including the list of events, to be used for establishing the FEI Olympic Ranking - Dressage, will be published by 15 December 2018 and distributed to NOCs/NFs.

To achieve a ranking I would have to ride in as many CDI's as possible to try and outdo my counterparts as my highest 4 results will be taken into consideration for the ranking. I will have an advantage over the other Asian countries as I will be competing on 2 horses.

The updated list of events is on the F.E.I. website as below :

<https://inside.fei.org/system/files/OG%20Tokyo%20-%20Dressage%20Qualifying%20Events%202019%20V4%2020.12.2018.pdf>

Subject: Re: EXECUTIVE COMMITTEE MEETING

Dear Secy Gen,

With ref to the EC meeting on 19 Jan 19, I have the following agenda point.

The remuneration for the civilian and retired military FEI officials has been hanging fire inspite of several attempts and needs to be addressed urgently.

While giving back to the sport is fine but it should not be out of the pocket and pension of the FEI officials so detailed. Our federation pays minimum of Rs 12000/- to 16000/- per diem + air fare + local transport+ food + boarding and lodging to any foreign FEI official who is invited to India to officiate, while, it not only pays ZERO to even better qualified and experienced Indian FEI officials but they they have to shell out of their own pocket their fuel and daily travel expenses. The only thing provided is one lunch in Delhi or local hospitality of boarding and lodging out of Delhi. It is the goodness of the OC that he reimburses the flight tickets but in places like Meerut and Delhi even travel is not paid up. The Service officers on official duty have their salary + TD allowances + DA + free air travel + 5 star hotel + transport + local hospitality.

It is not fair that we pay the foreigners and not pay our own officials some of who have same or better qualifications and doing the same job. Why this slave mentality even after so many years of independence? When will the federation begin to realise the worth of its own FEI officials when the rest of the world is acknowledging them ?

It's requested and suggested that in the least, the retired and civil FEI officials be brought at par with service officers remuneration, if not with the foreign officials. Let the federation not pick the pockets of its own officials and citizens while bending over backwards to keep the foreigners happy and in the name of service to the sport. Has this honourable onus been left only on the shoulders of retired officers and civilians ?

After officiating all round the world now, with two World Games, one Asian Games and other immensely prestigious events under my belt, I feel I am very much experienced and within my rights to recommend the following remuneration for the Indian FEI officials, whether being detailed for an international or national event :-

Return economy class air ticket for places connected by air or AC taxi fare as suitable.

Minimum 4* lodgings.

All meals with suitable refreshments during the day when officiating like tea, coffee, water etc.

Local AC transport

Per diem @ Rs 3000/- per day for events with in the hometown or 100 kms radius of the official .

Rs 5000/- per day for events other than above.

Number of days be actual when the official was physically present in event location for organising and not only specific event dates.

The above does not yet even come close to closing the gap between serving and non serving govt officials but at least it shall be a beginning and stoppage of sort of exploitation of Indian officials in our own backyard.

Forwarded for discussion in the forthcoming EC. Also, it is recommended to have an open house discussion and not put it at the mercy of a hamhanded committee without any knowledge of affairs at top international levels.

Regards,
Col PP Singh (Retd)

Dear Sirs,

Tentpegging as a equestrain sport has since come a long way with the formation of The ITPF. The Rules being followed for our National championships are by and large those of the ITPF these rules in themselves vague at times and do not give clear directions on various events when it comes to a tie of two or more teams. Though we have published a technical guideline for Tentpegging where as our National rules are still to be updated.

It is thus requested the a commite of experienced national judges be formed to frame updated National tentpegging rules for the future and keep updating these rules from time to time.

STATE LEVEL JUDGES FOR EQUESTRAIN Disciplines

From: sarpartap Singh (ssarpartap@yahoo.com)

To: efiindianf@yahoo.co.in

Date: Monday, 26 November, 2018, 7:44 PM IST

Dear Sir,

With the introduction of the REL concept the number of horseshoes is on the increase and at times a few REI events are running simultaneously at various locations hence there is a need to have more number of technical officials like judges Tds and stewards available with the federation to cater for such shows. Hence it is suggested that national level clinics be conducted by senior judges and Tds to train and certify officials in various equestrian disciplines at state and national level to enlarge the pool of officials that could be available in respective states to help organise and conduct various Rel shows.

Submitted for consideration by the Ec.

sincere regards.

EFI/157/2018

27th NOVEMBER, 2018

Col R K Swain
Secretary General
Equestrian Federation of India
New Delhi

Dear Sir,

At the outset we would like to thank you for allotting the NEC 2019 to our Club. Rest assured that we will leave no stone unturned to ensure that it is a grand event.

Since we are holding the NEC we would simultaneously also like to hold a REL along with the NEC. Not only will it be convenient for us to do so but it will also give riders and aspirants in Maharashtra the opportunity to qualify for various national events to be conducted after March 2019.

As you know, for a variety of reasons we are unable to conduct an NEC or REL in Mumbai before the end of February of any year. Firstly the RWITC restricts the entry of horses before February. Then it gets very hot in April and it rains from June to October. So end February/beginning of March is the most convenient time for us to hold an REL. In any case February/March is after the NEC and JNEC of the previous year so it's a good time for riders to try and qualify for the next NEC and JNEC.

In the circumstances we would be delighted if the EFI could also permit us to conduct an REL simultaneously with the NEC next year. This would be extremely beneficial for riders in Maharashtra. Otherwise they have to travel outside Maharashtra to qualify for the NEC and JNEC.

Thanking you in anticipation.

Warm regards,

Shyam Mehta

<u>Points</u>	<u>Decision/Directions</u>	<u>Action to be taken by</u>
<p>12.2 Point from Lt Col Sandeep Dewan (Retd).</p> <p>(a) Huge sums spent on horse transportation for Asian Games 2018</p> <p>(b) EFI fund spent on legal fees for Yashaan Khambata case</p> <p>(c) Arbitrary allotment of JNEC to Kolkata</p> <p>(d) CHT used by Secretary General</p> <p>(e) Foreign jaunts of Secretary General</p> <p>(f) Illegal membership</p> <p>Above points were flashed on the screen by Secretary General who asked Lt Col Sandeep Dewan (Retd) whether he would like to discuss all the points one by one or skip some of them as they have been discussed in previous agendas. Lt Col Sandeep Dewan (Retd) replied that all his points have already been covered except illegal membership which he would like to discuss. He asked the house why the individual membership, life membership and club members are being given the voting right as the same is not permitted as per NSDCI. Only one vote is allowed to one state association. Further, he questioned the membership of certain Army units such as MT Bns, FOL depots and Dog units etc. In response Lt Gen AJ Singh, AVSM, VSM (Retd), VP (Vet) EFI replied that it is true that NSDCI speaks about one state association one vote but as far as Equestrian sport is concerned the state associations are not active and many states do not have their association. Further our statute permits voting right to Individual members and club member being a club based sport. However efforts are being made to create state association and they are being helped to conduct more activity and over a period of time when all the state association become more active we may move towards one state one vote policy till such time we have to follow the present system of voting.</p>		VP (Adm) Secy Gen

<u>Points</u>	<u>Decision/Directions</u>	<u>Action to be taken by</u>
<p>In this regard myself alongwith VP (Tech) & Secretary General had a meeting with Secretary of Sports and explained to him the peculiarity of the equestrian sport which he accepted that this sport cannot survive without the involvement of Army due to its heavy infrastructure requirement however over a period of time the sports needs to move to grass root level and asked us to make an all out effort to form state associations. After understanding the peculiarities of equestrian sports and inability to follow the NSDCI in toto the MYAS has accorded the recognition of EFI for the year 2018. Lt Gen AJ Singh, AVSM further added that one of the great rider/ coach of India i.e. Col GM Khan (Retd) is a product of one of the club being run by an FOL depot, MT Bn and Dog Units are posted with riders who are well within their right to form clubs within their units so giving membership to clubs being run by MT units, FOL depot or Dog units is justified. At this juncture Col Sarpratap Singh (Retd) said that in Punjab they have formed district association in each district President asked other states to work in the similar line and form district association who in turn will elect the office bearers of their respective state association. Once the office bearers of all the state association are elected by their respective district association the EFI will take a decision in transition to one state on vote policy.</p>
